

Satisfying Business Needs Large and Small

Located in Historic Downtown, the Statesville Civic Center has the versatility to make any meeting, workshop, conference, trade show or seminar hassle free and a success. With eight adaptable meeting spaces you can have 600 or more in a group setting and then break out for individual training, or if you need a smaller space for a couple of hours for a board meeting we can and will accommodate your needs. The Civic Center has the resources to assist in all your planning needs and our dedicated and professional staff is there to help you every step of the way. Top of the line AV equipment, presentation materials and facility wide Wi-Fi connectivity make every meeting flow with ease. Upgrades abound with a state of the art sound system, smart board and Bridget software which can bring people into your meeting from all over the world. If you can envision it the Statesville Civic Center can help you plan it with professionalism. Take a look at what one of our clients has to say...

"As a novice meeting planner, I was panicked at the prospect of finding a place to hold our annual meeting with a dinner and presentation space. Luckily I was given this task in Statesville where there is a fabulous resource for this kind of thing – the Statesville Civic Center. With just a little info from me, my fears were eased and the staff was navigating me through the process. It honestly could not have been a simpler process. Even the most discerning attendees remarked on how great the space was – intimate but not too crowded, perfectly lit and the sound for the presentation and speakers was set just right. I cannot recommend the Statesville Civic Center highly enough."

– Jennifer Hogan, Purple Heart Homes
