

CITY OF STATESVILLE
SCHEDULE EG
LARGE COMMERCIAL GENERAL SERVICE

Page 1 of 2

APPLICABILITY

This schedule is available to any nonresidential commercial customer with a contract demand of 500 kW or greater of alternating current electricity except that it is not available for resale, breakdown or parallel operation.

TYPE OF SERVICE

The City of Statesville will normally supply the equipment necessary and will deliver to the customer through one meter at one delivery point mutually satisfactory to the City and the customer, 60 cycle alternating current electricity of the phase and voltage desired by the customer, provided electricity of the phase and voltage desired by the customer is available generally in the area in which service is desired.

Motors less than 5 H.P. may be single-phase. All motors of more than 5 H.P. must be equipped with starting compensators and all motors of more than 25 H.P. must be the slip ring type except that the City reserves the right, when in its opinion the installation would not be detrimental to the service of the City, to permit other types of motors.

RATES

Monthly charges will be calculated as follows:

Basic Facilities Charge:
\$20.78 per month

Demand Charge:
\$10.85 per kW for all kW of billing demand

Energy Charge:
For the billing months of October through May
6.2150 cents for all kWh

For the billing months of June through September
6.706 cents for all kWh

LARGE COMMERCIAL GENERAL SERVICE

Page 2 of 2

DETERMINATION OF BILLING DEMAND

The demand for billing purposes each month shall be the highest average kW measured in any 30-minute interval during the month, but not less than 50% of the contract demand.

CONTRACT DEMAND

Contract Demand shall be either the demand as specified in a contract signed with the customer or the average demand usage over the most recent 12-month period.

SALES TAX

To the above charges will be added any applicable North Carolina Sales Tax.

POWER FACTOR CORRECTION

When the Customer's average monthly power factor is less than 90%, the City may adjust the billing demand for that month by multiplying by 90% and dividing by the average power factor for that month.

ADOPTED

This rate was amended by Ordinance No. 20-19 on July 15, 2019 and is effective for bills rendered after August 1, 2019.
